BEST PRACTICE 1 – 2019 – 2020

Title: Training for Banking Exams

Objectives: The motive of this programme was to bring awareness regarding the Banking Examinations. Training was also a part of the programme. Another reason for such programme is to support students in the field of Bank Exams.

The Context: Rural students are unaware of the opportunities after education. Hence, there is a crucial need to help them realize and create awareness about different options available to them. Bank jobs are one of the most reputed and sought-after jobs in the country. Every year students in enormous number appear for various bank exams. Amongst all the banking exams the easiest to crack is IBPS

The Practice: The Placement Cell of the college organised a 15 days training programme in association with Crack with Jack, a leading IBPS coaching Academy. 120 students participated in this programme held from 18th November 2019 to 3rd December 2019. This Banking Examination Training was ideal for those who were seeking guidance from experts and interaction with peers to ace banking entrance exams, like IBPS. It gave the concepts from the ground up; helping students in preparing for these competitive exams. Students belong to rural background and need additional training to develop themselves for their career. Anyone can clear the bank exam without any coaching however; they just need self-study and proper direction.

Evidence of Success: The various exam preparation ideas introduced in the programme had helped in bringing positive change. Students are oblivious to the concept of getting extra training and prefer to overlook the potential of getting opportunities. This career decision then results in their social, financial and emotional well-being throughout.

Problems Encountered: Time constrain was the biggest problem faced by the students. Though students were given proper guidance and direction for their continuous learning, students felt that the programme could be extended.

Inaugural Session of the 15 Day Training Program Organised by Placement Cell
